

## Creative Activities Task

Prepare at least one Creative Activity to be used on the local Green Way  
The Activity should create

- learning about & from the environment
- assist in developing environmentally sensitive behaviours
- include the elements listed below

### The Creative Activity to be in a framework that is

- Informal free-style & Non-Directed & with
  - observation
  - reflection
  - responsive action:
    - \* developing / assembling / constructing

- Expressions/Products/Outputs assisting awareness & learning through individual or cooperative group work

These may be

- shapes & patterns
- objects ('found' or constructed)
- use of the 5 senses
- statements (in any media)
- performance / drama / spectacle
- recordings (audio / written / visual)

- Assessment & evaluation of impact and post event
- Display & Dissemination... of the activities & the whole event

The Creative Activity Plan to be sent to coordination by 14th April for discussion at the Workshop meeting on 19th April

*The required informal, free-style observation approach is similar to the successful Photo-Voice activity used in Iasi: November 2019 designed "To encourage critical consciousness"*

<https://greenbridgesproject.org/first-partnership-meeting/>

*Information about  
- frameworks  
- Informal Education processes will be provided separately.*

*The April meeting will include discussion on all aspects of the activities*

**Creative Activities on the Green Way are informal learning opportunities that Fulfil the Green Bridges TOUCHSTONE statements**

- Deepen Understanding & Appreciation of the Natural World
- Directly Enhance Human Relationships with natural world by Attentive Listening & Action

<https://greenbridgesproject.org/creativity-coherence/>

## Creative Activities are central to The Green Bridges project

Application p110 (LTTA 2)

Partners engage in creative activity on a local 'green way'.

- This to be noted, analysed and refined (the Kolb ELC)
- Each partner to present their planned usage of the creative activity.
- Educational materials created during workshop to be available in local languages and available for wider distribution (web site etc) in English

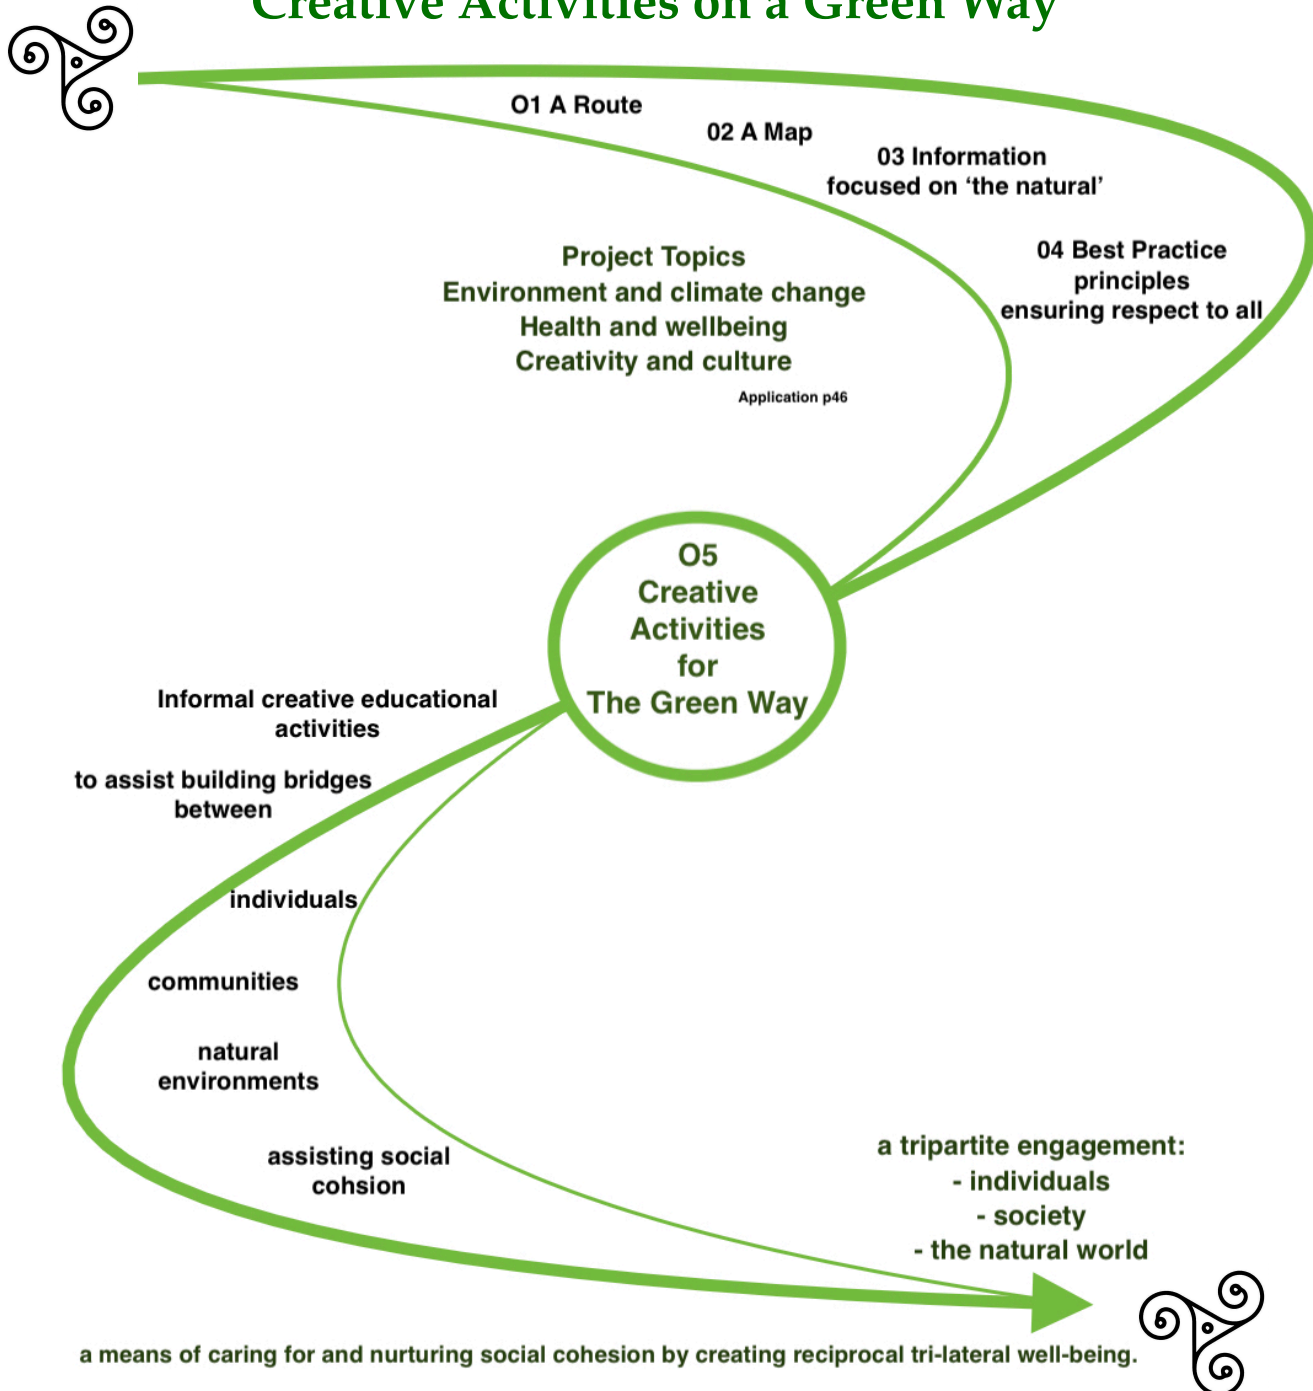

Funded by the  
Erasmus+ Programme  
of the European Union

## The Project Purpose.....

### Creative Activities on a Green Way

.... to develop environmentally related physical trails allowing for creative educational activities designed to engage & enhance participants' relationships with each other, society & the natural world." (application p3)

Funded by the  
Erasmus+ Programme  
of the European Union
