Good planning ahead is key for involving our students (citizens) and staff in the green bridges work. This speaks strongly to the sustainability of this project.

1	01/03/2021 07:44 AM	Already provided		
2	03/03/2021 10:02 AM	No suggestions.		
3	03/03/2021 10:02 AM	Everything seems fine.		
4	04/03/2021 18:50 PM	Shared reflecting moments Simple sharing of all participants feelings and thoughts about what happened Would be nice to have some sort of tangible outcome to be produced during the event by participants and shared on project website (but don't know what...maybe a brainstorm between participants would help)		
5	05/03/2021 07:26 AM	Uvhvrcv Hdjvvyf6f Yxhvux		
6	05/03/2021 11:29 AM	THE PROPOSED SCHEME IS COMPLETE AND COMPLEX. WE HAVE NO SUGGESTIONS TO MAKE BECAUSE THE WORK DONE BY THE ORGANIZERS IS MINUTICAL IN ALL THE TOPICS EXPOSED.		
7	08/03/2021 12:25 PM	"You are in your home-office (or work office). There are 2 things / objects / elements that are important to you: they make you feel good, make you feel happy every time you see them or experience (smell, touch, taste) them. Show them to the videocam, and tell the group what they are. Finally, let's make a list of all these things together with the 1-minute of mindfulness videos / clips and share them later in the project WA group."

	7	08/03/2021 12:25 PM	Our contribution is that we are two people and we promise to be curious of every single one of the meeting participants. We promise to interrupt with questions and share things about ourselves.

7. Open Question: Please add any thoughts or comments that may be of value to the event organisers for this event or any future partnership meeting or activity.

1	Open-Ended Question		100.00%
	1	03/03/2021 10:02 AM	I know that because of covid it's not that easy, but hope for the clearer project activities implementation plan (of what is left).
	2	03/03/2021 10:02 AM	I hope that the last meeting before the end of the project can be organized live because live meetings are more pleasant and touching than virtual.
	3	04/03/2021 18:50 PM	The event brings added value to the project but I guess that technically is an extra to the existing application requirements. However, the main core of Green Bridges project were the transnational learning activities which remain unfulfilled. We still need to find a way to recover them (either online or waiting/extending projects life) and discuss a plan A or plan B... Please consider involving partners in the process of finding the best way to proceed.

	5	05/03/2021 11:29 AM	THE PANDEMIC HAS FORCED US TO USE THE WEB FOR MEETINGS. THE ORGANIZERS HAVE DEMONSTRATED THEIR COMPETENCE IN THIS FIELD BY TRANSMITTING TO EVERYONE SAFETY AND EACH OTHER CLOSER.
	6	08/03/2021 12:25 PM	We suggest less reporting on each countries' Cov-19 situation. We ask for a confirmation of the meeting time; is it 90 minutes and if so, will it be enough time to go through all this? If we are expected to prepare something for the meeting or bring something with us – apart from the Mindfulness – clip – please give us a heads up well before the meeting. Thank you very much! The meeting outlines in the mindmap look very nice and interesting. We are looking forward to the Arpil 17th meeting!
