Mr Jacek -man who cares about nature and forest

Mr Jacek -man who cares about nature and forest

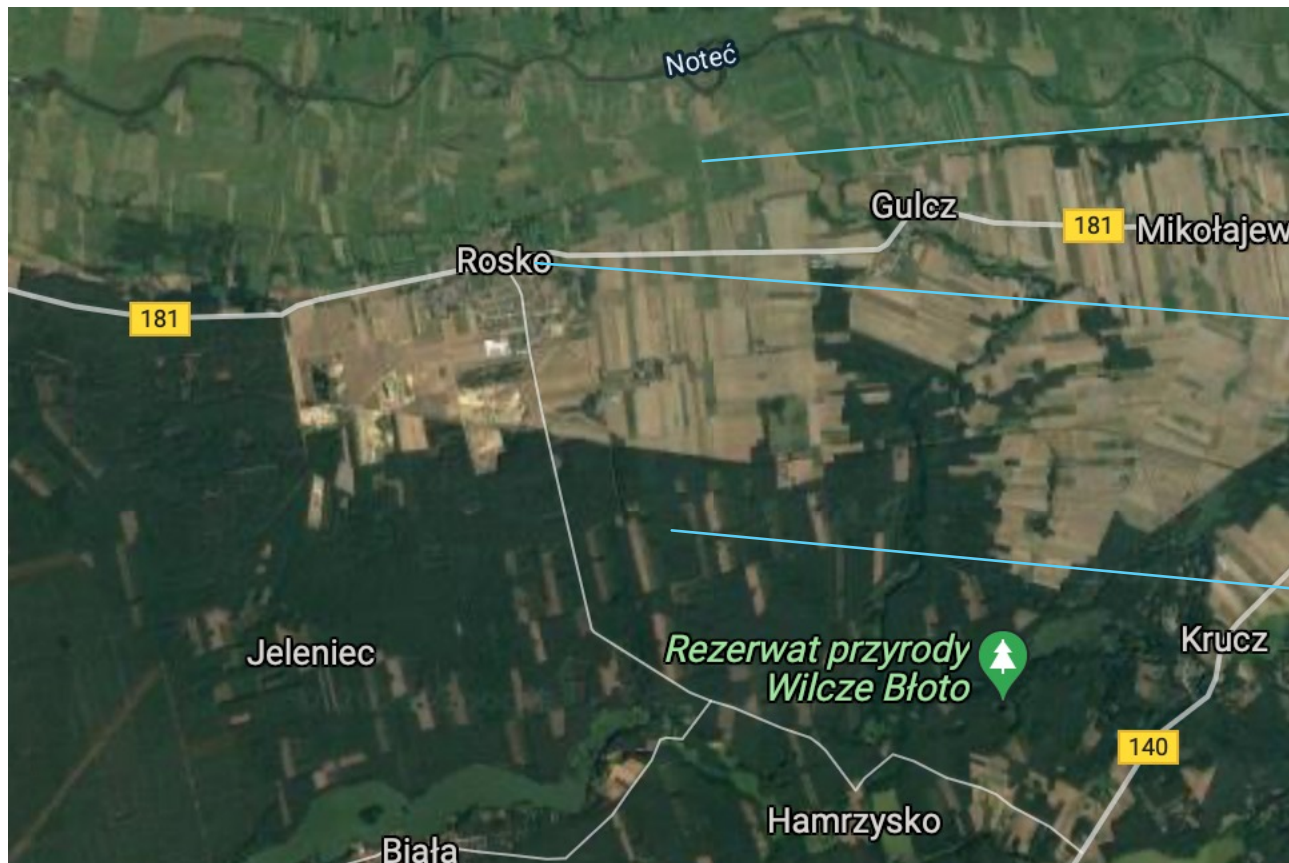

How and why did you become involved in the protection and promotion of the environment?

It all started when, at the age of 65, I decided to live in the Polish countryside. I was most interested in the Noteć Forest, because I spent my time there during summer holidays, when I was a child.

I was successful at the end of 2019, I bought a property on the edge of the Notecka Forest - 1,5 hectare. I started to deal with a topic related to the protection and promotion of the environment, mainly areas The Noteć Forest.
